Dressing with Omega 3 rich flaxseed oil without any chemical seasonings.

People tend to have negative image with a fatty acid: (oil), but our body needs certain fatty acids to make our tissue, cell and homones. That means we need to eat good quality oil to have a good and healthy conditions.

With eating the Western food, we are simply taking too much of omega 6 and too little of omega 3. The idael ratio of omega 6 and omga 3 is said to be 4 : 1. Keeping the balance of these omegas we could expect some healthy benefits such as reduction of cholesterol and neutral fat, prevention of thrombosis, stroke, obesity, diabetes, cancer and allergies.
