	PB	Conditional					

Tea made from 100% Red ganoderma lucidum from Hokkaido.

- You can make 3-4 cups of tea with one tea bag.
- Aluminum bag for easy storage.

Generally speaking, Ganoderma lucidum contains more β -glucan than the other mushrooms. Hokkaido made Ganoderma lucidum has a high content of β -glucan no others can be matched. Its β -glucan content is about 6 times as more than β -glucan content of Agaricus.

It is introduced as a fine medicine (non toxic drugs can be used in lon-term) in "Shen Nong Materia Medica through" that is the oldest pharmacy certificate of China.

Characteristics

How to Boil Pour 95°C-98°C of hot water into a teapot with one tea bag, and wait 3-4 minutes. It has slightly bitter taste because of its ingredient:100% natural Ganoderma Lucidum. Add sugar or honey to suppress the bitterness.
